ICON LEGEND

The GreenPlanet Nutrients Icon legend aims to help you find the right nutrients for your garden.

| Fertilizer Type | Nutrient Type | Growth Stage |
|---|---|--|
|  Liquid |  Base |  Vegetative |
|  Dry |  Additive |  Flowering |
| |  Maintenance | |

| For Use In | | | |
|--|--|---|---|
|  Hydro |  Coco |  Soil / Soilless |  CLF Program |

HOW DOES IT WORK?

Hydro Fuel provides your plants with an array of nutrients they need to thrive during the vegetative stage of growth (**Hydro Fuel Grow**) or the flowering stage of growth (**Hydro Fuel Bloom**). Each **Hydro Fuel** component is split into A and B formulas to ensure a diverse range of macro, micro, and secondary nutrients are delivered to your plants.

Hydro Fuel Grow is designed to allow for more control and intricacy in your feeding regimen during the vegetative stage of growth. Tailor the growth cycle with 2 parts for the vegetative stage.

NPK Grow A 5-0-3
Grow B 1-2-5

Hydro Fuel Bloom is designed to allow for more control and intricacy in your feeding regimen during the flowering stage of growth. Tailor the bloom cycle with 2 parts for the flowering stage.

NPK Bloom A 4-0-3
Bloom B 0-4-5

RECOMMENDED FEED PROGRAM ADDITIVES

Liquid Weight is a supplement blend of simple and complex carbohydrates that support the plant and beneficial microbial life in the root zone. This leads to an increase in the absorption of essential nutrients that help develop impressive aromatic flowers and fruits.

Massive Bloom Formulation is our premier flowering additive formulated with all of the necessary microelements required to achieve an increase in flower size as well as providing several additional beneficial properties.

NPK 1-2-3

Rezin is our flowering additive formulated to enhance the natural processes within flowering plants that produce flavour and aroma. This results in high-quality flowers come time for harvest.

Vitathrive Propagation Solution is our comprehensive additive blend of vitamins and minerals formulated for the vegetative stage of plant growth. It is designed to reinforce plant health and support essential functions.

NPK 0-0-1

Quality Focused. Results Based.
